SUSTAINABLE DEVELOPMENT GOALS

17 GOALS TO TRANSFORM OUR WORLD

The UN Sustainable Development Goals (SDGs) have identified the needs of our global neighbours. Governments around the world, including that of the UK, have pledged to address them

There are 17 "Global Goals" with 169 targets between them.

This UN website offers a good introduction and offers lots of information about the goals:

<http://www.un.org/sustainabledevelopment/>

A KEY TOPIC FOR COMING MONTHS

The Sustainable Development Goals are a key theme of this year's One World Week 22-29 October

This year's UN Day on 24 October will be used to highlight concrete actions people can take to help achieve the goals. There are some great posters.

<http://www.un.org/en/events/unday/posters.shtml>

IDEAS FOR ACTION

Choose a goal you are particularly interested in – there's information, with basic facts and figures in digestible form, news of actions and projects to address the goal and short videos. All very accessible.

See this example related to Goal 7: [Ensure access to affordable, reliable, sustainable and modern energy for all](#)

<http://www.un.org/sustainabledevelopment/energy/>

Take Action

The “Take Action” page has some suggestions about how we can each start contributing to achieving the goals.

These could be useful for ideas to suggest at OWW events, to help people become “Good Neighbours. Find them here:

<http://www.un.org/sustainabledevelopment/takeaction/>

THE WORLD'S LARGEST LESSON

There are great resources for teaching children and young people about the goals on:

<http://worldslargestlesson.globalgoals.org/>

The world's largest lesson starts on September 18th and you can download posters, teaching guides etc and take an online course.

Or you can get involved via Think Global's 'Global Dimension' website here:

<https://globaldimension.org.uk/worlds-largest-lesson-back/>
